### **Hundred and Nineteenth Annual Report**

(from 01.04.2023 to 31.03.2024)

We have great pleasure in presenting before you the annual report of the Home highlighting the service activities and accounts for the year 2023-24. Intending to achieve new heights, we have completed our activities for the year 2023-24 fairly well. In Polytechnic College, Residential High School, and Primary School, the regular and practical classes were conducted smoothly with Gurumaharaj's blessings. Also, important events like Akshaya Tritiya, Deepavali, Navaratri Utsav, Sports Day and Home Day, were celebrated in a grand manner by the students and staff, old students and well-wishers. The events were also streamed live through Home's YouTube channel for the benefit of all.

Our Home has been doing yeomen services to the poor and destitute students in society during the last 119 years by giving shelter to these students serving as a living testimony to the clarion call given by Swami Vivekananda that "Service to poor is real service to God".

Apart from inculcating character-building and man-making education to the students studying in our Residential High School, Residential Polytechnic College, and Primary School, our Home also carried out vocational training, and rural development activities - conducting daily Tuition Centre classes and periodical Medical Camps in some of the slums in Chennai and a few backward villages in Thiruvallur, and Chengalpattu Districts.

### **RAMAKRISHNA MATH AND RAMAKRISHNA MISSION**

Sri Ramakrishna, whose noble name this institution bears, was born in 1836 at Kamarpukur village in West Bengal. He lived for just 50 years but during this period he became the harbinger of world peace. Being the greatest of Divine Incarnations, (Avataara varishtha – Swami Vivekananda) Sri Ramakrishna blessed us all with the 'Universal Religion' based on love and harmony and demonstrated the Ideal- Religion - "As many faiths - so many paths to reach God". Several brilliant young men were attracted to him and

became his ardent disciples. After the great master attained Mahasamadhi, his disciples led by the illustrious son of India, Swami Vivekananda, organised the Ramakrishna Math and Ramakrishna Mission with their Headquarters at Belur in Howrah Dist., West Bengal. Both the Math and Mission gradually extended their spheres of activities resulting in a number of branches coming into existence in different parts of the country and abroad. As on 31-03-2024 date there are 279 centres all over the World.

## **MAHASAMADHI OF SWAMI SMARANANANDAJI MAHARAJ**

SWAMI SMARANANANDAJI 16TH PRESIDENT OF RAMAKRISHNA MATH AND RAMAKRISHNA MISSION PASSED AWAY on Tuesday, 26 March 2024 at 8:14 pm at Ramakrishna Mission Seva Pratishtan hospital, Kolkata. He was 94.

Swami Smarananandaji was born at village Andami in the district of Thanjavur, Tamil Nadu, in 1929. He came in contact with the Mumbai branch of the Ramakrishna Order when he was about 20 years old. Inspired by the ideals of Sri Ramakrishna and Swami Vivekananda, he joined Mumbai Ashrama in 1952 at the age of 22 and embraced monastic life. Swami Shankaranandaji Maharaj, the seventh President of the Ramakrishna Order, gave him mantra diksha (spiritual initiation) in the same year. He also received from Swami Shankaranandaji Maharaj, brahmacharya vows in 1956 and sannyasa vows and the name 'Swami Smaranananda' in 1960.

From Mumbai centre, he was transferred in 1958 to the Kolkata branch of Advaita Ashrama, the well-known publication centre of the Ramakrishna Math. He served at both Mayavati and Kolkata centres of the Advaita Ashrama for 18 long years. For a few years he was the Assistant Editor of Prabuddha Bharata, the English journal of the Ramakrishna Order started by Swami Vivekananda. He also enthusiastically worked to improve the standard of publications of the Advaita Ashrama.

He was posted to Ramakrishna Mission Saradapitha, an educational complex near Belur Math, as its Secretary in 1976. During his long tenure of about 15 years there, educational and rural welfare work of Saradapitha saw tremendous development. He, along with his monastic assistants, took up extensive relief operations during the devastating flood in West Bengal in 1978. From Saradapitha he was posted to Ramakrishna Math, Chennai, as its Head in December 1991.

He was appointed a Trustee of the Ramakrishna Math and Member of the Governing Body of the Ramakrishna Mission in 1983. In April 1995, he joined the Headquarters as an Assistant Secretary, and after two years, he took charge as the General Secretary of the twin organizations. As the General Secretary, he steered the worldwide Ramakrishna Movement for ten long years until May 2007 when he was elected a Vice-President of the Order. He became the President of Ramakrishna Math and Ramakrishna Mission in July 2017.

He travelled extensively in India and different parts of the world, visiting many branches of the Math and Mission and also unaffiliated centres, spreading the message of Sri Ramakrishna, Holy Mother Sri Sarada Devi, Swami Vivekananda and Vedanta among a vast number of people. He also gave mantra diksha to thousands of spiritual seekers. Revered Maharaj was a voracious reader and a deep thinker. He has contributed a number of articles to various journals of the Ramakrishna Order. Collating his articles and talks, a few books have been brought out, of which Smriti-Smaran-Anudhyan and Chintan-Manan-Anushilan are in Bengali, and Musings of a Monk in English.

Swami Smarananandaji was loved and respected by all for his spiritual wisdom, simplicity, unassuming nature, sense of humour and spiritual fervour. His mahasamadhi has left a huge void that is difficult to fill.

Swami Gautamanandaji Maharaj was elected the President of the Ramakrishna Math and Ramakrishna Mission. He is the 17th President of the twin organizations. He succeeds Swami Smarananandaji Maharaj who passed away on 26 March 2024.

## **MAHASAMADHI OF SRIMAT SWAMI PRABHANANDAJI MAHARAJ**

**Revered Srimat Swami Prabhanandaji Maharaj**, Vice President of the Ramakrishna Math and Ramakrishna Mission, passed away on 1.4.2023 at 6.50 pm at Ramakrishna Mission Seva Pratishthan, Kolkata.

Swami Prabhanandaji was born in Akhaura, district Tipperah (now in Bangladesh), on 17 October 1931. An initiated disciple of Swami Shankaranandaji Maharaj, he joined the order at Narendrapur centre in 1958 and received sannyasa diksha from Swami Vireshwaranandaji Maharaj in 1966.

He served the order at Narendrapur, Saradapitha and Seva Pratishthan centres as an assistant, and Purulia Vidyapith and the Institute of Culture, Gol Park, as the head. At Narendrapur centre, he served as the Director of the Institute of Social Education and Recreation (later known as Ramakrishna Mission Lokashiksha Parishad) for two years. He was the Headmaster of the Secondary and Higher Secondary schools at Narendrapur and the Principal of Vidyamandira College at Saradapitha. He served as an Assistant Secretary of Seva Pratishthan for three years.

Swami Prabhanandaji was appointed a Trustee of the Ramakrishna Math and a Member of the Governing Body of the Ramakrishna Mission in April 1983. In 1984, he was elected an Assistant Secretary of the twin organizations in which capacity he served for eleven years. He became the General Secretary of the Math and Mission in 2007 and continued in that post until 2012 when he became a Vice-President of the order.

Revered Maharaj has several books in Bengali and English to his credit, notable among which are: Sri Ramakrishner Antyalila (Last days of Sri Ramakrishna's Divine play), Brahmananda Charit (Comprehensive life of Swami Brahmananda), Saradananda Charit (Comprehensive life of Swami Saradananda), First Meetings with Sri Ramakrishna and Early History of Ramakrishna Movement. He also wrote a good number of learned articles in English and Bengali in the periodicals of our order and other reputed journals. His talks at various national and international seminars bear the stamp of deep thinking and scholarship.

Ramakrishna Samgraha Mandir (Museum and Archives) at Belur Math is the standing monument to his laborious efforts in preserving various articles and artefacts associated with the founders of the Ramakrishna Movement.

During his spiritual ministry, he blessed many devotees with mantra diksha (spiritual initiation) in different parts of India, Bangladesh and Nepal. He also visited Singapore, Malaysia, Indonesia, Canada, the US, the UK, Europe, Russia, Fiji, Australia, New Zealand, South America and South Africa at different times and spread the message of Sri Ramakrishna, Sri Sarada Devi, Swami Vivekananda and Vedanta.

Swami Prabhanandaji was known for his erudition, keen interest in academic pursuits and research work. He was meticulous in his daily routine and thorough in his work. Revered Maharaj was respected by all for his austere habits, scholarship and dedication to the ideal.

In his sad demise, the Sangha has sustained an irreparable loss.

## **Ramakrishna Mission Students' Home - Origin and Growth:-**

Swami Ramakrishnananda, a direct disciple of Bhagawan Sri Ramakrishna, was sent by Swami Vivekananda to the then Madras to spread the message of Sri Ramakrishna in the South. After starting the Math in Chennai, he felt the necessity for an orphanage where free boarding and lodging could be provided for orphan and destitute students. With his blessings and at his command, Sri C. Ramaswami Iyengar, an ardent devotee of Swami Ramakrishnananda, started the Home on the 17 February 1905 with 7 orphan boys in a small building in Mylapore, given free of rent by Dr. M.C.Nanjunda Rao. It was shifted afterwards from one rented building to another to accommodate more and more boys.

In 1916, Sri S.G. Srinivasachariar the then District Munsiff made a generous gift of a valuable building site of 15 grounds in Sullivan Garden in Mylapore to the Home. Later, the adjoining piece of 11 grounds was acquired. The Home was formally affiliated with the Ramakrishna Mission, Belur Math in 1918.

Thanks to the pioneering efforts of the indefatigable C. Ramasamy Iyengar massive building was constructed on the land. Swami Brahmananda, a direct disciple and the spiritual son of Sri Ramakrishna, laid the foundation stone for this building on Buddha Poonima, 6 May 1917. Also Revered Maharaj inaugurated the new building after 4 years on Akshaya Tritiya on 10 May 1921.

Swami Brahmanandaji Maharaj stayed in the Home for nearly a month. He aptly named the new building "The Palace for the Poor" as the poor boys studying in the Home should never have the feeling that they are poor and are staying in an orphanage. The building with an impressive prayer hall and Mother Saraswathi statue in marble, intricately carved has added to the serenity and holy environment. After Ramaswamy Iyengar died in 1932, his cousin Ramanujachariar took over as Secretary of the Home. During his stewardship, the Home grew from strength to strength. The number of boys admitted to the Home increased to 295 as of 1955.

The Home is one of the earliest educational institutions of the Ramakrishna Mission. Almost all educational institutions of the Mission in erstwhile Madras city, in their early years have grown under its fostering care.

Initially the idea was to provide free boarding and lodging for destitute and orphan boys allowing them to have their education in a nearby school. Later for a fuller realization of the Gurukula ideal, a Residential High School was

started in 1922 in the Home where the Home and the school would form part of an integral entity and the teachers and pupils would live together. Plans were prepared for a separate building for the High School adjoining the Home main building. The Management approached the Government for help. The Government agreed to share more than half the cost of building. The Nattukottai Nagarathar community donated Rs.83,886/-. Therefore the school block was named "Nattukottai Nagarathar Vidyalaya" and it started functioning from 1922 within the Home campus.

The Residential High School section which was temporarily shifted to Uthiramerur in 1942 and subsequently to Athur near Chengalpattu during Second World War, was shifted back to Madras and has been functioning in the Home premises from 1958 onwards.

Workshop practice such as smithy and foundry for the School students was started and later developed into a Residential Technical Institute imparting training in Automobile Engineering from 1932 onwards; initially, this Licentiate in Automobile Engineering (LAE) diploma course was for five years.

As per Govt.'s directive this course was later changed as 3-year Diploma course from 1949 onwards. In 1958, Govt. of India permitted the starting of an additional diploma course in Mechanical Engineering (DME). When DME was started in 1959, as per the advice of AICTE full-time LAE course was replaced by a Post-Diploma course of 18 months duration after DME. However, this arrangement was stopped after a few years and the DME

course alone was in existence. To commemorate the centenary of the Home in the year 2005, two new diploma courses were started, viz., Diploma in Automobile Engineering and Diploma in Computer Engineering so that the Home can serve more number of orphan and destitute boys. The Technical Institute was designated as a full-fledged **Polytechnic College**.

**A non-residential Centenary Primary School** was started in the year 1936 to mark the birth centenary of Sri Ramakrishna. It serves mainly the poor children of the locality. This year the State Government has sanctioned

English medium sections in addition to the existing Tamil medium sections in the school to meet the public demand for English Medium education.

### **Skill Development Centre in Polytechnic College**

In the year 2015, Sri S.Vardarajan, Chairman & Managing Director, Bharat Petroleum Corporation Ltd, also an alumni of Vivekananda College and a devotee of Ramakrishna Math, suggested us to approach BPCL with a detailed Project proposal for financial assistance under their CSR (Corporate Social Responsibility) scheme for establishing a Skill Development Centre.

Accordingly, the Project proposal was submitted and Sri S. Varadarajan was instrumental in sanctioning the entire sum of Rs.15 Crore, towards the total cost of the project. Cost of Building and machineries construction work was started in July 2018 and completed in August 2019. The new building, **Vivekananda-BPCL Skill Development Centre** was inaugurated on September 1, 2019. Our Home is indebted to BPCL for making this project a top-class facility among the Polytechnic Colleges in Tamil Nadu. The first training course for the students "Short Term Certification Training" was conducted in November 2019.

To bridge the gap between the Institution and the Industry in needed professional skills, the SDC trains the Polytechnic College students in the latest technologies. Thus the students can meet the expectations of the industries when they visit for campus placement. The SDC also train other polytechnic college lecturers to improve their teaching methodology and the learning process and thus help many Polytechnic College students in the state.

**College section:** The Home provides free boarding and lodging facilities to deserving boys studying in various colleges in Chennai. At present 12students studying in Vivekananda College are given admission in the College Section in the Home.

To enable the unemployed youth to find suitable employment and re-skill the employed in the accounting field, Home imparts a free 4-month training in **Tally Essential comprehensive course** throughout the year. A **Mobile Robotic Lab** on wheels continues to train poor children in Govt. and Govt. Aided Schools, who have seldom any exposure to robotics.

The Home thus runs 3 educational institutions, viz, a **Residential High School**, a **Residential Polytechnic College** and a **non-residential Centenary Primary School**, besides a College Section, Vocational Training Courses and Rural Development service unit.

About 10,100 students have benefited from the facilities provided by the Home and have come out after completing their studies. For carrying out its activities, the Home entirely depends on public donations and it hopes to continue its silent work with the help and unflinching support of its friends, well-wishers and old students. The total number of inmates in the Home this year is 589. Section-wise details are given below:

### Care of the Inmates under Gurukula System of Education:

All the inmates are under the care of monastic wardens and ward masters. The teachers live in the staff quarters adjoining the Home campus (east) and guide the activities of the students. This Gurukula system of education enables the students to excel in all round development to their character and talent.

Special emphasis is laid on character building and harmonious development of the body, mind and heart. The boys get up early and do yoga and physical exercises between 5.00 and 5.30 a.m. The Home has a gymnasium. The senior and junior boys have separate prayer halls where they perform puja and prayer with devotional songs, Vedic and Gita chanting every morning and evening.

Maintenance activities in the Home, like cleaning, washing, upkeep of the surroundings, serving of food in the dining halls, maintenance of the gardens, management of the stores, maintenance of electrical installations, computers and network maintenance, and water pumps, library management etc., are carried out by the boys themselves under the overall supervision of the wardens and teachers. This helps them to develop respect for manual work and realize the dignity of labour.

Special care is paid to the health of the inmates. Boys are given nutritious food along with milk every morning and night. The Home has medical wards to accommodate boys who fall sick. Two doctors regularly visit the Home and attend to the sick boys. Boys carry out many of the attendant/ Nursing duties in caring for the sick and in the process get training in health care. The Charitable Dispensary attached to Sri Ramakrishna Math, Mylapore and nearby hospitals are giving treatment to our boys in times of necessity. Serious cases are referred to local Government hospitals (Royapettai etc.). Home has also organized periodical general check-ups, eye check-ups, skin check-ups, dental check-ups and others for the benefit of the students.

Teaching staff supervise the study of their respective wards during study hours and provide guidance and coaching whenever necessary. Special coaching is provided for High School students every day between 3.30 and 4.30 p.m. In well-equipped laboratories and workshops at the Polytechnic College, our lecturers train the students in fundamental concepts as well as in advanced technologies in every subject. This coupled with soft skills and communication training, and life skills training (moral values education) enable our students to become more self-confident and get better jobs in the industries.

To encourage talent among the students, various competitions (including Sports and Games) are conducted and prizes for the winners and general proficiency are given during the Home Day.

The Home has well-equipped libraries separately for High School and Polytechnic College with books on various subjects for reference, suited to various age groups of the inmates. Libraries get a number of periodicals. Boys are encouraged to spend time in the libraries.

The Home receives the following newspapers and periodicals on complimentary basis: The Hindu - 2 copies; The Hindu Tamil Edition - 2copies; Dina Thanthi- 1copy; Dinamalar-2copies; We also subscribe to the students' editions of Times of India and Pattam (Dinamalar Tamil edition).

Periodicals: The Home receives many periodicals regularly free of cost in different languages such as Tamil, English, Hindi, Telugu and Kannada. We thank all the publishers for their kind gesture.

Both the senior and junior wings have Television sets with restricted access. The boys watch news, educational, cultural, sports / games and selected programs of entertainment on Sundays.

The Home has completed 119 years of useful service to the poorer sections of the student community. Since its inception, it has been maintained with the voluntary contributions / donations received from the philanthropic minded public, well-wishers, financial institutions and ex-students of the Home. Even today if the Home is in a position to continue its humanitarian work of helping orphan and destitute students, it is mainly because of the generous help and patronage extended to it unflinchingly by the public.

Our present performance is inspired by our past history and we shall strive to give our best with the wholehearted support from all.

#### **Brief History of the Institution**

In the early period of the history of Students' Home, it was found that students having only academic qualifications found it hard to get jobs soon after completing their studies. To help them to gain some skills, manual training was initiated as part of the High School curriculum. It comprised carpentry, weaving, etc.

To help boys who could not even complete their matriculation, workshop practices such as smithy and foundry were introduced as early as 1925. In 1930, as part of the "Silver Jubilee" celebrations of the Home, a workshop was started. Its inauguration was done on 16 Feb 1930 by the then Governor of Madras, Sir Frederic Stanley.

In 1932, the Home got permission from the Govt. of Chennai (then Madras) to start a licentiate course in Automobile Engineering. Initially, it was a five-year course. The Home students, who received this diploma, were in great demand not only in the Department of Transportation in the then Madras Presidency but all over the country. As per Govt.'s directive, this course was changed into a three-year diploma course from 1949 onwards.

In the year 1958, Govt. of India permitted to start an additional diploma course in Mechanical Engineering (DME). When this course was started in 1959, as per the advice of AICTE, the LAE course was replaced by a post-diploma course of 18 months' duration. However, the full-time LAE course was stopped during 1962-63 as per the guidelines of AICTE.

In 2005, as part of the Centenary Celebrations of the Home, it was decided to introduce two more three years Diploma Courses, viz., Diploma in Automobile Engineering (DAE) and Diploma in Computer Engineering (DCE) besides the existing DME, with the permission of the Government and AICTE.

The Government permitted DAE & DCE courses as unaided courses. The sanctioned strength for each course is 40. In addition, 10% more students are allowed to be admitted by lateral entry (2nd year) from applicants with + 2 qualifications.

Because of the starting of multiple Diploma Courses, 'The Technical Institute' was renamed 'Ramakrishna Mission Polytechnic College' in the year 2007.

#### Admission:

The Maximum strength of students permissible as of date is 384. Every year 120 students in the first year and 12 students in the second year (Lateral Entry) are admitted. The orphan / destitute students are given more preference for admission in the Home. While admitting students to the Polytechnic College, students from our Residential High School, who complete the SSLC examinations are given preference.

Lateral Entry Admission in 2023-24: DME - 6, DAE - 12, DCE-6; Total - 24 students.

First Year Admission in 2023-24: DME - 37, DAE - 39, DCE - 40; Total - 116 students.

## நூறு இளைஞர்கள்

அறிவாற்றலும், தூய்மையும் கொண்ட  
ஒரு நூறு இளைஞர்கள் முன்வாருங்கள்!  
நாம் இந்த உலகத்தையே மாற்றி  
அமைக்கலாம்!

கீழ்த்தரமான தந்திரங்களால்,  
இந்த உலகில்  
மகத்தான காரியம் எதையும்  
சாதித்துவிட முடியாது!  
இது என் உறுதியான நம்பிக்கை.

-சுவாமி விவேகானந்தர்

## இதுதான் வெற்றிக்கு வழி!

நீ ஒரு கருத்தை எடுத்துக்கொள்! அந்த ஒரு  
கருத்தையே உன் வாழ்க்கைமயமாக்கு!

அதையே கனவு காண்! அந்த ஒரு கருத்தை  
ஒட்டியே நீ வாழ்ந்து வா!

உன் மூளை, தசைகள், நரம்புகள்,  
உடலின் ஒவ்வொரு பகுதியிலும் அந்த ஒரு  
கருத்தே நிறைந்திருக்கட்டும்!

அந்த நிலையில் மற்ற எல்லாக் கருத்துக்களையும்  
தவிர்த்துவிடு! இதுதான் வெற்றிக்கு வழி!

- சுவாமி விவேகானந்தர்
